The Feedback Analysis Committee of the institution, various heads of the comities and different departments designs and collects feedback from its stakeholders over the time. They monitor and evaluate its performance quality on curriculum and curriculum related issues. The feedback forms were collected from students, teachers, employers, alumni and parents.

The main goal of the feedback from different stakeholders includes:

- From students, feedback addressed curriculum and its learning related issues in terms of quality, competence, skills and professionalism. This feedback also considers other issues like delivery of curriculum by teachers and the content delivered them in relation to social relevance.
- For teachers, the feedback addressed issues like suitability the course and its need base, outcomes of the curriculum, relationship with course content and corresponding reference material, availability of reference materials in terms with curriculum, evaluation methods and curriculum delivery, etc.
- For alumni, it aimed for responses on adequateness of courses curriculum, sufficiency of syllabus content in context of current professional standards and curriculum design in context of development of self-directed learning and problem solving approach.
- For Parents, it covers the safety of their wards in campus, available facilities and the social abilities (emotional and behavioral) towards society.
- To achieve the goals of the feedback institute also collect the feedback from different stakeholders of the various program over the time.

Example Feedback collected during the science exhibition conducted by the institute, feedback for workshops, feedback on webinars etc.

In order to maintain and improve the facilities in the campus, improve curriculum and program enhancement, college collects feedbacks from various stakeholders.

Arts, Science and Commerce College Badnapur came into existence in the year 1997 with faculties of Arts and Science at Under Graduate level, during subsequent year's faculty of Commerce was established at Under Graduate level. Within a short span of time the college provided maximum opportunities to rural students by introducing distinct subjects like Physical-Education, Geography, Home Science, Electronics, Computer Science, Microbiology and Fishery Science. In 2001 post graduation courses in seven subjects were introduced. Four additional Post graduation courses in Science (Chemistry, Botany, Computer Science and Mathematics) were introduced in 2014 and recently in the year 2016 Government of Maharashtra granted permission to start Post graduate courses in Physics and Microbiology. Since 1997 college had remarkable journey, producing hundreds of graduates and post graduates in various discipline. In 11 acre campus, modern infrastructure has been developed to meet the requirements. In 2004 NAAC rated our college with B+ grade.

Since form 1997 college has organized various National and State Level events in the field of academic and sports. Prominent personalities have visited the campus on several occasions. National Service Scheme and Earn and Learn Scheme are the means of social outreach for college moreover students form the region are successfully placed in various government and private sector in respective professions. The college management has provided modern infrastructure and all basic facilities to the every department. Well-equipped lab, library, language lab and smart classroom are added for the better implementation of teaching learning outcome. Well qualified and updated teaching staff is available for every possible help for students. Teachers are in touch with students on one to one basis. The central library is a prominent facility for teacher and students to access important books. Student portal is unique facility provided for the students where student can get assignment for their respective subjects. Students are also provided Wi-Fi facility to update knowledge and get the academic resources. Students are encouraged to participate in the seminar, group discussions, project work, study tour, certificate courses, study tour, field visit, exhibition and extension activities to develop personality and enhance the knowledge. Comprehensive sports facility has made available in the campus and effort has been made to create sports culture among students. Quality education is our Moto and we are continuously working on it, in future we hope and will work hard to achieve the quality and employable education for all in the region.

It is very common for hiring managers to ask about your strengths and weaknesses during a job interview. Like any question, your response holds weight. An interview's purpose is to evaluate your ability to get the job done. Think of this as an opportunity to highlight your positive qualities and demonstrate a growth mindset.

अनुभवानुसार , विद्यार्थ्यांना योग्य मार्गदर्शन व निस्वार्थ मदत करावी त्यांनी दिलेल्या परीक्षेचं मूळ गुणपत्रक उपलब्ध करण्यात कोणतीही दिरंगाई नसावी कारण तो शिकतो पण नोकरीसाठी त्याला अडचणी येतात. व विद्यार्थ्यांसाठी तक्रार निवारण कक्ष व त्यांना येणाऱ्या अडचणी वरती पोहचल्या जाईल व तक्रारीचा नायनाट होईल असं वातावरण निर्माण करावी अशी विनंती करतो.काही चुकीचं असेल तर क्षमस्व !!

My Suggestion.

- 1) Regular lectures should be taken
- 2) Botany department needs practical materials and instruments.

Regular vollege

Agree

Got strong support from Dr. Mustafa Dandu and Prashant Ghadge Sir during academic year 2014-16, so obviously expected in future. They should have more rights to develop department with flexibility by considering their positiveness to do innovative things (if needed). Research facilities can be expanded.

आपल्या विभागात असणाऱ्या विद्यार्थ्यांना कोणताही अडथळा येऊ नये किंवा त्यांना न्याय मिळाला पाहिजे व विद्यार्थ्यांच्या कायदेशीर तक्रारी सोडायला हव्यात. जस की मी बि. कॉम पूर्ण केलं पण गुणपत्रिकासाठी कॉलेज मध्ये नाहीतर विद्यापीठात जाण्यासाठी सांगितलं जातं.
