--

Workshop and Faculty Development Report

21st century is known as the century of stress. We experience the side effects of this warp in our daily life. Right now the whole world has also experienced the impact of covid-19 on human life. All levels of humans and non-human animals in the world were affected by the covid-19 pandemic. Everyone from children to old people living in the society has to face various psychological problems. Many challenges such as interpersonal communication, interpersonal relationship, family conflict, business loss, academic and school life problems of students, problems of practical knowledge generation of college students had to be overcome. Due to this, people from all walks of life are experiencing the problem of mental imbalance. As we all know the side effects of high levels of stress, our personal life gets completely disrupted. Due to the high level of stress, we experience numerous psycho-physical symptoms such as loss of concentration, irritability, depression, lack of sleep, loss of appetite, headache, palpitation in the chest, office and administrative employees also experience a decrease in the level of motivation and work control. A one-day national workshop on stress management techniques was organized by the Department of Psychology in view of the importance of stress management in daily life.

Introduce by Dr. Hajare

Inaugural Function

The workshop was organized under the faculty development program on behalf of the college administration. This workshop was organized in association with Indian Association Research and Welfare and International Journal of Indian Psychology. The chief guest of the workshop was Dr. Kishore Shitole, the Inaugural guest chief Trustee of Institute Dr. Dattabhau Pathrikar, Managing Director of the Institute Dr. Deveshji Pathrikar, Our guide Principal Dr. M.D. Pathrikar Madam, Chief Speaker Dr. S.K Nandedkar, Clinical Psychologist Vishal Nagdeve etc. were present.

Welcome Programme

Welcome program

On the occasion of the inauguration, Dr. Deveshji Pathrikar convinced the people of the rural areas of the importance of higher and advanced education and guided them about stress-free living for the awareness of psychological problems and better mental health. He challenged everyone to take advantage of the college facilities by providing information about the development of the college and various educational activities of the college. Managing stress is the need of the current era. On this occasion, Dr. Deveshji Pathrikar expressed the opinion that if the young students remain stress-free, their academic achievement will also increase and they can turn to high-quality Occupational careers.

Speech on stress management

Speech on Educational facilities: Dr.Devesh Pathrikar

Dr. Dattabhau Pathrikar gave a correlative speech on the topic that mental health is essential along with physical health. On this occasion, Sir gave a Gurumantra to lead a long-term healthy life by convincing the importance of meditation yoga and regular exercise that there is a close relationship between physical sports and health.

Speech on Physical and Mental Health: Dr. Dattabhau Pathrikar

A better society can be created if we change ourselves using psychological techniques. Quality education can be provided to students from that better society. Stress on the human mind can be reduced through interpersonal communication by exploring the various inner parts of the human mind. Dr. Shitole asserted that if one spends time in cultivating human relations and directly establishing human-to-human relations, than spending more time on mobile, it will be easy to achieve one's own social and emotional development.

Speech on Interpersonal Relation: Dr. Shitol sir

Dr. Shitole sir talk on Stress and behavior

The workshop was conducted in two sessions. In the first session, clinical psychologist Vishal Nagdeve gave scientific information about various techniques of stress. Meditation and relaxation techniques were explained and demonstrated. In this session, a live demonstration was given on how to overcome tension in daily life.

Clinical Psychologist Vishal Nagdeve

In the second session after the afternoon lunch session, SK Nandedkar explained various methods of stress reduction through hypnosis. At this time he expressed the opinion that through hypnosis one can easily win stressors by explaining various methods of hypnosis. A live demonstration of hypnosis was also done in this session and concluded the

session.

Dr. S.K Nandedkar: Hypnosis Demo

As the organizer of the one-day national workshop, Head of the Department of Psychology in the proposal. Dr. Bharat Mimrot explained the purpose behind organizing the workshop. However, how to apply the daily techniques of stress management directly in life, every person should be aware of the stress management, he asserted that if the stress is properly managed, the quality of life will increase.

Dr. Bharat Mimrot Speech

In the concluding session of the workshop, Principal Dr M.D Pathrikar Madam explained important tips on women's health. On this occasion, Madam expressed the opinion that if the women in the rural areas remain mentally capable, it will be possible to pay attention to the overall development of the children along with the development of the family.

Departmental Visit By Dr. Shitol Sir with Dr. Shaikh S.S

Director of Physical Education and Sports Department Dr. Sheikh Sir gave valuable guidance on how to overcome tension in daily life by establishing the relationship between body and mind. At the same time, Head of Department of Physical Education Dr. Najma Khan Madam explained the importance of sports for girls and how to cultivate good psychological health Guided about this. The workshop was moderated by Dr. Rahul Hazare sir and vote of thanks was given by Prof. Srinivas Munge sir. The presence of professors, students, research students from various colleges of Maharashtra was significant for the one-day national workshop. Dr. Babasaheb Ambedkar Marathwada University, Head of Department of Psychology Dr. Aparna Ashtaputre Madam, Chairman of University BOS in Psychology Dr. Raipure Sir, Kolhapur University Board of Studies Member Dr. Arun Shinde Sir, Dr. Atul Pawar were the specially presence on the occasion.

DEPARTMENT OF STATISTICS

Group discussion:-

Objective: Its first objective is to evaluate the speaking power, thinking and listening abilities and logical approach for a particular topic of the involved persons which in normal circumstances is difficult to ascertain.

Summary of the proceedings Topic for group discussion & Discuss the following point

The scope of statistics

Statistics is indispensable in this modern age aptly termed as "the age of planning". The governments of most countries around the world are constantly researching to improve its economic development. Statistical data and techniques of statistical analysis are immensely useful in solving economical problems such as wages, price, time series analysis, demand analysis. It is an irreplaceable tool of production control. Business executives are relying more and more on statistical techniques for studying the preference of the customers.

Industry statistics are widely used in quality control. In production engineering, statistical tools such as inspection plan, control chart etc. are extensively used to find out whether the product is conforming to the specifications or not.

Statistics are useful to banker, insurance companies, social workers, labour unions, trade associations, chambers and to the politicians.

Career Opportunities:

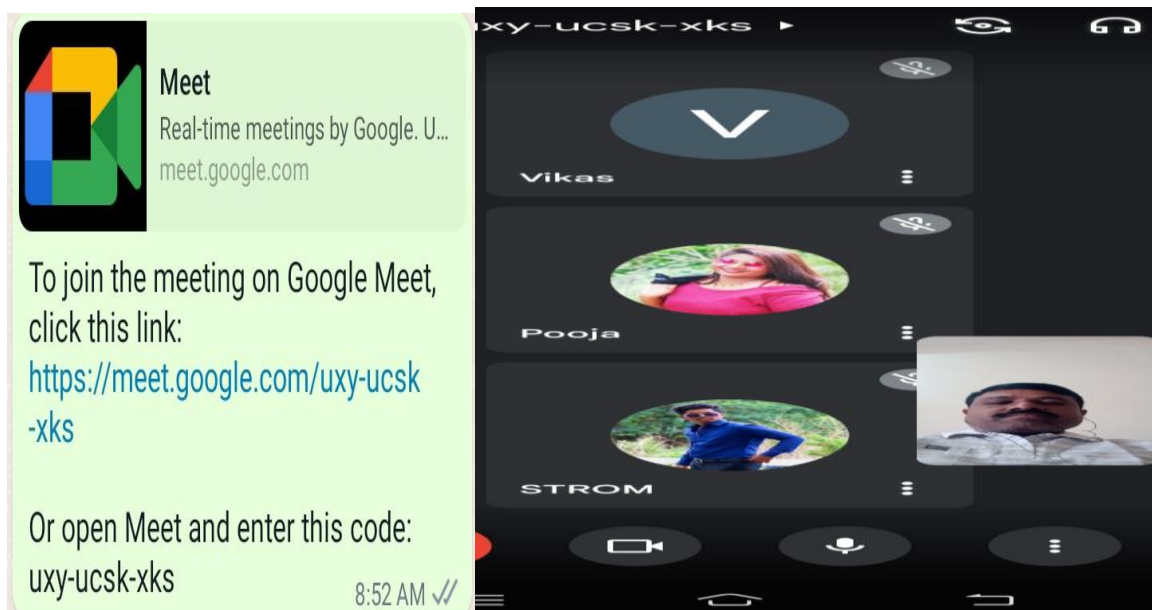

One can find a career in statistical profession by doing activities such as solving problems in a wide variety of fields and apply mathematical and statistical knowledge to social, economic problems.

Careers that incorporate statistics can be found in a wide variety of disciplines. Here are a few examples of fields which use statistics, i.e agriculture, business, industry, computer science, health sciences, government, private, scientific and other disciplines.

These candidates can also apply for the Indian Statistical Services, Civil Services and Indian Economic Services exams.

What are the job roles:

- Statistician
- Lecturer
- Professor
- Content Analyst
- Statistic Trainer
- Data Scientist
- Consultant
- Biostatistician

Department of Zoology MCQ Quiz Competition

Objective:

1. To enhance student knowledge by participating the MCQ test.
2. To test the subject knowledge of students.
3. To demonstrate the google form system.
4. To enhance use of latest technologies in student progresion.
5. Students will learn google form, email system, online study by participating in the events like such MCQ Quiz.

Summary of the proceedings

Online MCQ Quiz is Prepared by the Asst. Prof. Mr. Palke A.A. MCQ questions will cover the syllabus of Zoology Subject as per norms. Then the Quiz made available for students of Zoology studying in B.Sc. FY, B.Sc. SY and B.Sc. TY. Time duration is given to students for attending the quiz. Results made available at completion of quiz. Screenshots of the events and excell sheet are attached herewith.

DEPARTMENT OF PUBLIC ADMINISTRATION REPORT ON CAREER COUNSELING SESSION

Department of Public Administration organizes a special programme for all student regarding career counseling for student. Career counseling is a systematic process that helps an individual understand one's self, as well as the world of work, to choose the right career. It is the process of helping students and professionals to analyze their strengths, interests, abilities and skills. The right career choice is often an intersection of a student's interests and abilities, and industry trends. On dated 06 September 2022, Department of Public Administration organizes a career counseling programme in association with Department of Psychology.

* **Objectives** :- Objectives of the programme as follows -

- * Guided students about career path.
- * Maintain sound mental status of the students in decisions about career.
- * Introduce new career paths to the student.
- * To achieve goals of career.

Since career development is a lifelong process, Career Counseling can be appropriate for anyone, including freshmen, sophomores, juniors, seniors, and even alumni. The earlier you get started making intentional decisions about your future, however, the better prepared you will be! We recommend that all freshmen come in and visit with a Career Counselor. An individual can now choose the exact career path he wants to pursue based on his personal profile and interests, due to improved quality education, awareness, technology, and the ever-increasing and varied industry requirements.

In this programme guided student about a routine and new paths of career. Faculties explores different types of opportunities to the students. In this programme different kinds of sessions has been arranged as per student interest and demand. In this programme Dr.Sudhir Dinde explain the various kinds of opportunities in different fields.

Dr.Sudhir Dinde elaborated about various opportunities regarding interest of the students.

Main counseling sessions held under guidance of Dr.Bharat Mimrot, Head of the Psychology Department.

Dr.Bharat Mimrot guided students about mental steps, own interest and career opportunities in the first session.

Students actively participated in the second session and asking various questions regarding their interest and available opportunities. Students actively takes part in second session and they discussed about career and demanding field where more opportunities avail to humanities and other faculties.

Your career development is a lifelong process that, whether you know it or not, actually started when you were born! There are a number of factors that influence your career development, including your interests, abilities, values, personality, background, and circumstances. Career Counseling is a process that will help you to know and understand yourself and the world of work in order to make career, educational, and life decisions. Career development is more than just deciding on a major and what job you want to get when you graduate. It really is a lifelong process, meaning that throughout your life you will change, situations will change, and you will continually have to make career and life decisions. The goal of Career Counseling is to not only help you make the decisions you need to make now, but to give you the knowledge and skills you need to make future career and life decisions. All kind of discussion and guidance executed in this programme, overall it is a full successful programme and student noted satisfaction after.

Out Comes :- Overall outcomes of this programme are as follows -

- * Help student in decision making.
- * Introduce students various new career paths.
- * Help students to figure out who you are and what you want out of your education, your career, and your life.
- * Help students to identify the factors influencing your career development, and help you assess your interests, abilities, and values.
- * Help you locate resources and sources of career information.
- * Help you to determine next steps and develop a plan to achieve your goals.
- * **Need** - The decision of one's career is one of the most crucial decisions of our lives.

Sometimes, students end up making this decision on the basis of inadequate knowledge, and maybe societal pressure. Such decisions may often direct them into careers that are unsuited for them, and thereby lead to stress and dissatisfaction. Therefore, it's very important to make an informed decision about one's career choices. Getting proper guidance from trained career

counsellors can help us set long term career goals, and also find the pathway to achieve them.

DEPARTMENT OF PSYCHOLOGY
REPORT ON CAREER COUNSELING SESSION
DATE - 06 SEPTEMBER 2022

Department of Psychology organizes a special programme for all student regarding career counseling for student. Career counseling is a systematic process that helps an individual understand one's self, as well as the world of work, to choose the right career. It is the process of helping students and professionals to analyze their strengths, interests, abilities and skills. The right career choice is often an intersection of a student's interests and abilities, and industry trends. On dated 06 September 2022, Department of Psychology of organizes a career counseling programme in association with Public Administration.

*** Objectives :-** Objectives of the programme as follows -

- * Guided students about career path.
- * Maintain sound mental status of the students in decisions about career.
- * Introduce new career paths to the student.
- * To achieve goals of career.

Since career development is a lifelong process, Career Counseling can be appropriate for anyone, including freshmen, sophomores, juniors, seniors, and even alumni. The earlier you get started making intentional decisions about your future, however, the better prepared you will be! We recommend that all freshmen come in and visit with a Career Counselor. An individual can now choose the exact career path he wants to pursue based on his personal profile and interests, due to improved quality education, awareness, technology, and the ever-increasing and varied industry requirements.

In this programme guided student about a routine and new paths of career. Faculties explores different types of opportunities to the students. In this programme different kinds of sessions has been arranged as per student interest and demand. In this programme Dr.Sudhir Dinde explain the various kinds of opportunities in different fields.

Main counseling sessions held under guidance of Dr.Bharat Mimrot, Head of the Psychology Department.

Dr. Bharat Mimrot guided students about mental steps, own interest and career opportunities in the first session.

Dr. Sudhir Dinde elaborated about various opportunities regarding interest of the students.

Students actively participated in the second session and asking various questions regarding their interest and available opportunities. Students actively takes part in second session and they discussed about career and demanding field where more opportunities avail to humanities and other faculties.

Your *career development* is a lifelong process that, whether you know it or not, actually started when you were born! There are a number of factors that influence your career development, including your interests, abilities, values, personality, background, and circumstances. *Career Counseling* is a process that will help you to know and understand yourself and the world of work in order to make career, educational, and life decisions. Career development is more than just deciding on a major and what job you want to get when you graduate. It really is a lifelong process, meaning that throughout your life you will change, situations will change, and you will continually have to make career and life decisions. The goal of Career Counseling is to not only help you make the decisions you need to make now, but to give you the knowledge and skills you need to make future career and life decisions. All kind of discussion and guidance executed in this programme, overall it is a full successful programme and student noted satisfaction after.

Out Comes :- Overall outcomes of this programme are as follows -

- * Help student in decision making.

- * Introduce students various new career paths.

- * Help students to figure out who you are and what you want out of your education, your career, and your life.

- * Help students to identify the factors influencing your career development, and help you assess your interests, abilities, and values.

- * Help you locate resources and sources of career information.

- * Help you to determine next steps and develop a plan to achieve your goals.

- * **Need** - The decision of one's career is one of the most crucial decisions of our lives. Sometimes, students end up making this decision on the basis of inadequate knowledge, and maybe societal pressure. Such decisions may often direct them into careers that are unsuited for them, and thereby lead to stress and dissatisfaction. Therefore, it's very important to make an informed decision about one's career choices. Getting proper guidance from trained career counsellors can help us set long term career goals, and also find the pathway to achieve them.

Dept Of English

As per given schedule, dept of English organized a guest lecture of Dr Vitthal Jaybhaye on English for competitive examination on date 30 sept 2022 at 11.30 am on google meet. Dr jaybhaye is working as asst professor at Ramesh varpudkar college Sonpeth.

Department of Botany

Title of Program- **Green Consumer Day and One day student workshop on Gardening**

As Botany department celebrates green consumer day every year to educate students about purchases of different products that effect on environment and climate.

A green consumer is someone who is very concerned about the environment and, therefore, only purchases products that are environmentally-friendly or eco-friendly.

Encourage students to use products with little or no packaging, avoid plastic products and encourage using products that are made from natural materials which are decomposable and products that are made without causing pollution. Encourage students to become a green consumer that they should use bicycle and use products made with natural ingredients or those made from recycled materials.

A lecture was given by Dr. Prashant Gadge explaining the adverse effect of various products on environment and how to reduce their negative impact. Every individual should become a green consumer to save our environment and climate change. The students planted some medicinal plants in the college garden. Students and faculty of Botany department were present for the Green consumer day celebration.

One day student workshop on Gardening

Department of Botany also organised workshop on gardening techniques for students to understand the basics of gardening like potting, cutting, pruning, re-potting and kitchen garden. Dr. Prashant Gadge and Dr. Mustafa Dandu explained students the basics of potting, the types of pots used for different plants like outdoor plants and indoor plants, pot sizes, pot types, potting mixture composition and the different layers of potting mixture, soil types used.

We also gave students the knowledge of plant cuttings and pruning.

Students were shown some invasive species and their effect on our environment and their impact on local plant varieties.

Department of Microbiology
Tour Report

Venue- Department of Microbiology and plant pathology, Agriculture college Badnapur and Agriculture Research centre Badnapur.

Resource person-

1. Dr Ghante.D.G (Sr.Scientist, Argiculture research Centre Badnapur)
2. Dr. S.D.Deshmukh (Plant Pathology Department).

Date of Visit- 30th September, 2022

The Department of Microbiology has a study tour at the Agriculture college and research station at Badnapur. Student of B.Sc 1st year with a principal subject Microbiology participated in the tour.

At 11.00am the student gathered in the Department of Microbiology and we started for the agriculture college.

In the Department of microbiology and plant pathology the students were introduced to the different Instruments and techniques used in their regular curriculum of Agricultural Microbiology. The student's questioned were rightly answered by Dr. Deshmukh sir.

On the field ,Dr.Gante and his team explained the different varieties of Chik Pea and its experimental work was shown ,he also explained techniques for soil testing.

For making the tour successful Dr. Devendra Deshmukh and Dr.Pravin Gadakh from the microbiology department took efforts.

Dept. Of Physics Group discussions

Semiconductors are a must knowledge and most important topic in physics since the evolution of Diode Transistors etc. For a graduate students a must known field to take care off. To undergo the knowledge and to exchange it to other via discussions dept of Physics & Electronics has organized a “Group Discussion on the topic “Uses of Semiconductors””. A total of 29 Students of BSc Physics students of the institute has participated in a fruitful group discussion and exchange their views and knowledge about semiconductors. Two Groups of students were made to discuss the topic at this time. The Coordinators Dr. Pathan AR assistant Professor and Dr. Surashe V. K. HOD Dept of Physics has monitored and Guided the event.

Department of Mathematics Action Taken Report on Group Discussion

Summary & Introduction of Program

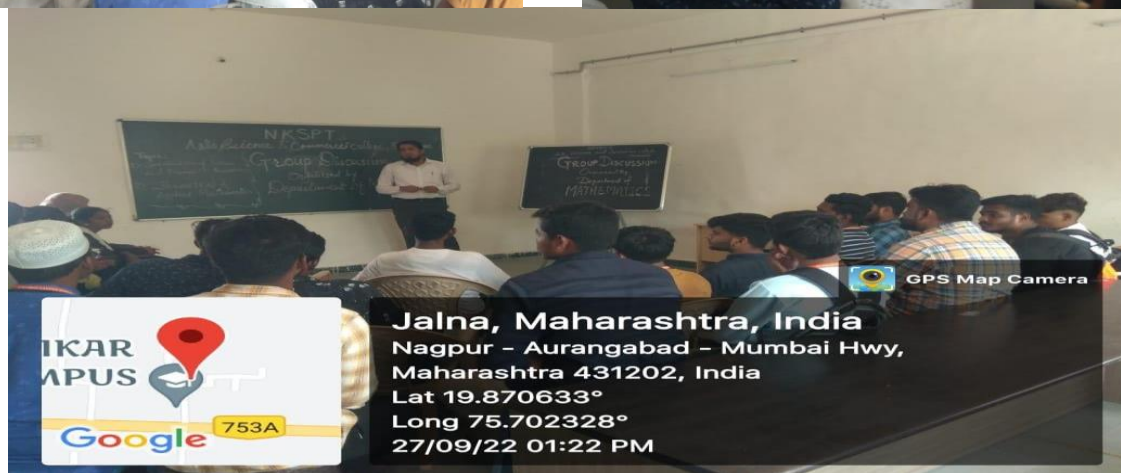

As per the academic calendar of the Department of Mathematics, Our Department has been arranged the group discussion event dated 27/09/2022 Time: 01:00 P. M.

About the Program:-

Aim of the program to know and understand the concepts related to curriculum. To motivate the student to speak / discussed on the topic.

We have organized the group discussion event of B.Sc S. Y. Students. First, we have given the topic related to curriculum and discussed the concept of the topic. Many students are discussed the topic very nicely. Students are benefited from this event. Fruitful discussion was made by many students on said topic and cleared his / her doubts

Some Snap-shots of the Program

Department of Physics & Electronics

Group Discussion

Summary & Introduction of Programme

With the above subject I Dr. Vishnu Surashe Head of the department of Physics & Electronics informs you that, as per the schedule of Academic calendar. The department of Physics & Electronics had organized Group Discussion Programme on 27th September-2022 On the subject of "The uses of semiconductor material" The students of B.Sc. (I, II, & IIIrd) had participated in the Group discussion. The Group discussion on the given subject becomes very interactive and informative. Some of the students explained the uses of semiconductor material in the electronic circuit and in the field of industry sector like electric vehicle, electronic industry i.e in the manufacturing of laptop, TV, and some other electronic gadgets. In this way programmer is successes fully completed

برموقعہ ڈاکٹر ساجد علی قادری صدر شعبہ اردو (ایس پی ڈی ایم کالج شیر پور ضلع دھولپہ) نے آن لائن محاضرہ بر وقت پیش کیا۔

خصوصی محاضرہ بعنوان اردو میں پروجیکٹ رائٹنگ، پروجیکٹ لکھنے کا طریقہ کے عنوان پر مہمان محاضر ساجد علی قادری نے بہت ہی مدلل انداز میں اپنا محاضرہ پیش کیا جس میں بی اے سال سوم کے طلبہ و طالبات نے شرکت کی ساتھ ہی ساتھ سال اول اور دوم کے بھی طالب علم اس خصوصی محاضرہ میں شریک ہو کر استفادہ کیا۔

خصوصی محاضرہ پروجیکٹ رائٹنگ کے عنوان سے لیا گیا بی سال سوم لے طلبہ و طالبات جو اختیاری مضمون اردو کو خصوصی مطالعہ کی حیثیت سے لیتے ہیں تو ان طلبہ کے لئے 100 نشانات پر مشتمل پروجیکٹ رائٹنگ کا کام لازمی ہے اس لئے اس ضمن میں مہمان محاضر ڈاکٹر ساجد علی قادری نے بہت پر مغز اور مدلل انداز میں اپنا محاضرہ پیش کیا جس میں موصوف نے درج ذیل عناوین پر گفتگو کی۔

- 1) پروجیکٹ تحریر کا طریقہ کار
- 2) عنوان کا انتخاب 3 مواد کی فراہمی
- 3) موضوع کی نوعیت اور تحریر کا طریقہ کار
- 4) ابواب کی تقسیم
- 5) حاصل کلام
- 6) تدوین

موصوف نے مذکورہ بالا نکات پر سیر حاصل گفتگو کرتے ہوئے ایک ایک موضوع کو کو طلبہ کے ذہن نشین کرایا تاکہ عملی کام میں کوئی دشواری درپیش نہ آئے۔ اس محاضرہ میں ڈاکٹر عتیق احمد و ڈاکٹر ابرار الحق نے کامیابی سے ہم کنار کرانے کے لئے مہمان محاضر ڈاکٹر ساجد علی قادری کا شکریہ ادا کیا۔ اور آگے بھی موصوف سے اسی طرح تعاون کی درخواست کی۔

شعبہ اردو کے ماہ اکتوبر کے مجوزہ پروگرام بحسن خوبی اپنے مقررہ اوقات میں عمل لایا گیا پرنسپل مہر پاتھریکر صاحبہ اور کار گزار صدر دیوش پاتھریکر صاحب کی رہبری میں شعبہ اردو کے اساتذہ ڈاکٹر عتیق احمد و پروفیسر ابرار الحق صاحب کی کاوش سے کامیاب پروگرام کا انعقاد عمل میں لایا گیا۔
